the Deputy Secretary, Government of Bombay,  
Electrical Department, F.W.D. Bombay.

Sir,

I, the undersigned, Virabasayya Chabasayya Belikerimath, beg to lay before your Honour the following few lines for your kind and favourable consideration. I had taken Electric Energy for lights for my house at Byadgi from Messrs Manvi Brothers, Electric Light and Power Suppliers Byadgi, since two years, but the supply was disconnected as our house was under repair. Now I have applied them for re-connection of supply, but they are saying that they require your permission to give the supply. So please kindly permit them to supply us electric energy at your earliest possible convenience. Hoping to be favoured.

Byadgi.

I remain,  
Sir,

EXPRESS LETTER

To

The Additional Deputy Secretary,  
Central Electrical Control Board, Bombay.  
P. W. D.

Sir,

We beg to bring to your kind notice that we had supplied Electric Energy (Motive Power) to the Manvi Touring Talkies at Byadgi from December 1941 to the end of May 1942, but we disconnected our supply of energy as the Cinema was stopped-hence forth they are again starting the Cinema and so they are requesting us to give supply.

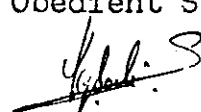

They have helped their best to the war purpose and even now they are promising you that they are willing to exhibit one or two shows every month and submit the collected amount out of it to the war purpose. You can put this condition to them through the Magistrate or through some authority.

We therefore, request Your Honour to kindly give us permission to give supply of energy to the said Cinema Co. at your earliest possible convenience and oblige.

The Maximum demand of the consumer is only 5 KW.

Hoping to be favoured.

We beg to remain,  
Sir,

P.W.D. Bombay.

Dear Sirs,

We have the honour to inform you that we had started a touring Talkies at Byadgi since from December 1941, to the end of May 1942, and for that we had taken a supply of electric energy (Motion Power) from Messrs. Lanvi Bros, electric Light & Power suppliers Byadgi to our Cinema.

But on some difficulties we had to stop it from May 1942. Now we are going to start it again in the above name. So, we request your honour to kindly give permission to the supply Co, to give supply of electric energy to our Cinema as soon as possible.

We have helped the WAR fund & now also we hereby agree to pay the gross collections of one day every month to the WAR purposes.

Hoping you will kindly consider our above request at your earliest possible convenience & oblige,

Dear Sirs,

We beg to remind you to our application of 4th inst, in which we had requested you to kindly give permission to M/S. Manvi Bros Electric Light & Power suppliers Byadgi to give supply of electric energy (Motion Power) to our Cinema.

Please see that owing to the shortage of crude Oil now a days, we are quite unable to run our Cinema shows regularly <sup>on all nights</sup> and thus have to suffer much troubles in this business. So we once again humbly request your honour to kindly give permission to the electrical Co Byadgi to give supply of electric Energy immediately on receipt of this letter. We have to only depend upon the Power house of Byadgi which please note.

We shall help the war fund by submitting the gross collection amount of one day every month.

Respected Sir,

Re: The supply of electric energy to our  
above Cinema.

With reference to your letter dated 7th November,

*no. S. 59/4/1135-EL)* I have the honour to inform you that by taking the connection of electric supply from the Power house only for one month, we have to undergo a heavy loss such as Inspection fee foundation expenses & connection fees etc, etc, unnecessarily, and though having suffered so much we will have to close our house after one month which cannot fetch us.

However now we have built the Generator room with bricks & mortar in a permanent style, as we are staying at this Byadgi Camp up to the end of June 1943. Therefore we humbly request your honour to be kind enough to give permission to L/S. Manvi Brothers electric Light & Power suppliers Byadgi to give supply of electric current at least up to the end of June 1943.

We shall be highly obliged if you can let us know that whether the temporary connection will be extended after one month i.e., up to the end of June 43.

Now a days we are not getting even the required quantity of Crude oil, or Kerosene oil to run our Cinema on an oil engine, and as a result of this we have to now entirely depend upon the Power house of which kindly note.

Since last 2-3 years, we have helped the WAR fund, and now also we hereby agree to help the WAR fund by submitting one day's gross collection every month.

Hoping that your good selves would consider our above troubles and grant permission per return and oblige,

With reference to your letter No. S.59/41/1135-El. of 7th November 1942, we beg to inform you that The Cinema Generating ~~EXXEX~~ room building is permanent, built by stone. Moreover, we had supplied current in the month of December, 41 to May 42 to cinema in the name of Manornjan Touring Talkies and the current has been disconnected. Now it is required to be re-connected and change of consumer name and not new connection. Hence it is called permanent connection; therefore we request your honour to grant us permission to supply current permanently.

Awaiting your favourable reply.

Respected Sir,

We beg to inform you our grevences of our running our Cinema house that so far we were running our shows on a oil ~~oil~~ engine that with great difficulties. Now a days we are not getting even sufficient Diesel oil to run 4 shows in a week. Besides since 15 days our oil engine is not working in proper condition as it is absolutely required the some main parts which is impossible for us to get them ~~at present~~ due to the present condition.

Under the circumstances we are put to much troubles to run our regular shows and to maintain our big family which is depending upon this Cinema business. So, we request your kind honour to consider our hardships to be kind enough to give us permission to take the supply from the Dyadgi Power house. M/S. Manvi Bros Proprietors of Dyadgi Power house are agreed to give us connection for the supply provided your permission is granted to them in this. The materials for the connection of supply is in stock with M/S. Manvi Bros, Dyadgi which please note.

So far we have helped the P.W.D. purposes and yet we are sublimiting the gross collection of one day in each month. Besides we are exhibiting the war news reels every week which to be kindly noted.

S. 59/41

Taking all these into your kind consideration we shall be highly obliged to you if you can grant us the permission to M/S. Lanvi Bros of Byadgi to give connection of supply to our Cinema at least for a temporary period of 6 months.

Hope your goodseleves would be graciously kind enough to favour us per return to remain,

2. The request is for a temporary supply of electric power to a touring talkie for a period of six months at least. The signatory of this letter had applied in 1942-43 for supply of electric power to Shri Jay Laxmi Touring Talkies at Byadga for a period exceeding one month. He was informed that temporary connection for more than one month cannot be allowed & his request cannot therefore be granted. It is for orders whether similar reply may be given in this case also.

Secretariat Bombay.

Respected sir,

I Khajesab wallad Ghudusab Makandar of Byadgi Taluka Ranebennur respectfully beg to submit as under:-

I own a house bearing C.S.No 237 in Byadgi Municipal area wherein I have maintained a tea-shop. I intend to get this building provided with Electric Lights and for this purpose I had requested the Collector of Dharwar to issue necessary permit for which he has replied under his No P.S.R. 143 of 15-4-1944 that I should approach you for the issue of necessary permit. The said letter is enclosed herewith for your information.

The necessity of electric lights in the tea-shop is keenly felt by me in the interest of the customers and in the interest of decent lighting at night which is most important in a tea-shop. Hence I request your honour to kindly issue necessary permit for providing the said building with electric lights and inform Messrs Manvi Bros of Byadgi accordingly, for which act of kindness I shall remain ever grateful.

Respected Sir,

- As there is shortage of -

Kerosene oil in this place, it is very difficult to carry out our mercantile business in night time in season time, when the chillies crop comes to the market, the chillies packing work is done always ~~always~~ in the night time. Due to dampness, chillies get soft, and fit for packing. Without light the night work cannot be done, when there is acute shortage of kerosene oil. Fortunately, we have got electric supply from Manvi and Bro. B. Yadav. So your permission is necessarily required. Kindly grant permission to supply electricity to our new building C. S. No. 1001+1002 and to our new godown C. S. No. 883. Hoping

to receive a favorable reply soon.

1. The first step in the process of identifying a problem is to recognize that a problem exists. This involves gathering information about the situation and identifying the specific issues that need to be addressed.

2. Once a problem has been identified, the next step is to define the problem clearly. This involves stating the problem in a concise and specific manner, identifying the scope of the problem, and determining the goals that need to be achieved.

3. The third step in the process is to generate potential solutions. This involves brainstorming ideas and considering different approaches to solving the problem. It is important to consider a wide range of options and to evaluate the potential benefits and drawbacks of each solution.

4. The fourth step is to select a solution. This involves evaluating the potential solutions and choosing the one that is most likely to be effective. This step requires careful consideration of the available resources, the time constraints, and the potential risks of each solution.

5. The final step in the process is to implement the solution. This involves putting the chosen solution into action and monitoring the progress of the implementation. It is important to communicate the plan to all relevant parties and to ensure that everyone is working towards the same goal.

To, *Most Urgent*

The Deputy Secretary to the Govt of  
Bombay. ( Electrical Dept )

BOMBAY.

Sir,

We beg to state our grievances that our oil engine has gone out of order seriously which cannot be repaired at present.

Under the circumstances we are put to a great loss and troubles for having closed our running business. Hence we kindly bring to your notice that we wish to take the re-connection from the Byadgi Power house. M/S. Lanvi Bros Pro, of the Byadgi Power house have already agreed to give us supply of electric Motive power provided your kind permission is granted to them.

We are advertising the WAR propaganda work on a very grand scale by exhibiting the WAR films slides etc, which helps more for the WAR purposes. So far we have

daily to the Govt. This has been all  
stopped due to the failure of the oil  
engine which is a mere loss to the Govt,  
which please note.

Further we beg to bring to your kind  
notice that the proper Chilly season has  
commenced this side and thousands of  
villagers <sup>6- Byadgi</sup> are coming from all the sur-  
rounding villages to export their chillies  
evry week, who will take the good advantage  
of the WAR films and the slides etc shown  
in our Cinema.

So, we kindly request your honour to  
be please kind enough to consider our  
difficulties, and be kind enough to grant  
permission to M/S. Manvi Bros Byadgi to  
give necessary supply of electric Current  
to our Cinema at an earliest possible.

Please instruct them by WIRE, on rece-

The electric installation which was originally provided in the temporary theatre was dismantled long ago and the present electric installation is provided in a truck type cabin, housing the projector rectifier and flood-lights.

The total connected load according to the plans originally submitted to the Electric Inspector, Bombay Province, in November last was only 2.2 K.W.

As the installation is quite new, it is not likely to have deteriorated within a year's time. The annual inspection of the cinema was due last month but the proprietor has requested the Electric Inspector, Bombay Province, to postpone the inspection as he is not in a position to exhibit any films on account of machinery trouble.

It appears that the notified connected load in respect of the old temporary theatre was 2 K.W. and the Supply

559/41

Company has erroneously added the existing 2 K.W. of the maximum demand to this load and specified the total maximum demand as 4 K.W.

Ref: This office No.L.63/3853 dated 20-12-1944.

---

The Electric Inspector, Bombay, reports that the Proprietor of the Chitra Touring Talkies, Byadgi, has already sold the truck complete with projector etc. to another party outside this province. Under the circumstances the question of sanctioning additional power for the Touring Talkies should not arise and if any sanction has been granted by Government, the same should be withdrawn.
